

60071 400 PSI OILFIELD FRAC SUCTION & DISCHARGE

This heavy-duty oilfield frac hose is designed for suction and discharge of frac solutions transferred on the low-pressure side in hydraulic fracturing pump applications. Heavy fabric reinforcement gives this hose a 400 PSI working pressure with a 1600 PSI burst. Designed with a cover compounded to handle the rugged application; this hose has excellent abrasion and ozone resistance to achieve maximum service life. Rubberworx™ frac hose tube is specially formulated to handle frac solutions with up to 28% HCL.

TUBE:	Black NBR
REINFORCEMENT:	Textile
COVER:	Black CR
TEMPERATURE:	-40°F to 180°F
